

Xaviera Hollander presents **Stripped** with Hannah Chalmers

Ever wondered what goes on behind the scenes in the dark, deceiving world of the Strip Club? STRIPPED reveals all in this wickedly funny, achingly honest and beautifully shrewd one woman show. Based on shockingly real characters and exploits from Hannah's pole dancing days. (don't tell her Mum!)

"Chalmers is cute, funny, smart and fun to watch, and her expose of the lap-dancing racket makes more sense and rings truer than 1000 speeches from 1000 politicians ... an entertaining and thought-provoking piece of theatre."

THE SCOTSMAN, 'BEST OF THE FEST'

"Armed with an impressive array of note perfect accents, Chalmers certainly milks us dry of laughter and tears ... STRIPPED is an acting tour-de-force for Chalmers, who ricochets at dizzying speed between different vocal intonations and mannerisms."
